

Tag Recapture GFR1147 "Rooster Lane"

- The roosterfish (Tag ID: GFR1147) was originally caught by Mr. Robert Eshee aboard the Zancudo Lodge 2 from The Zancudo Lodge Sport Fishing on 01/15/2015.
- Named "Rooster Lane", this was one of the first fish ever tagged with a GFR tag during the launch of the program in Costa Rica. After being tagged and released at Matapalo Rock, the roosterfish was at liberty in the water for 29 days until its recapture. "Rooster Lane" remained in the area's local waters during the 29 days where conditions favored an abundance of food items for the fish.
- The roosterfish was recaptured by Mr. Todd Staley from Crocodile Bay Resort, Costa Rica on 02/14/2015 at Lindor Rock, approximately 7.5 miles away from original tag location.
